

Transform your business through custom software solutions.

Our world is in the middle of a digital transformation. Digital is no longer a tool for life, it is deeply embedded in how we live, interact and work. Smart businesses understand the importance of finding digital solutions to maximise their efficiency and ability to deliver. And so do we. We are a team of IT and engineering consultants who provide Project management and Bespoke Software Solutions to the Private and Public sector.

Our strength lies in the way we employ the principles of enterprise architecture into all we do. From analysis to design to implementation to security, we work in partnership with you, our client, to provide the right solution, quickly and cost effectively. By building partnerships based on respect, integrity and a shared desire to enable success, we deliver turnkey IT solutions that make a real difference to your business.

GIVING BACK

Projectized Management is committed to Social upliftment. Our leading initiative is supporting the Limit Breakers Global Foundation, a non-profit organisation which hosts countless career days, empowerment sessions and retreats to empower young girls and women to find the trail blazer within themselves. Check out limitbreakers.org.za for more.

Projectized also provides intern opportunities for graduates seeking experience in the workplace. The intention of this programme is to develop the next generation of superstars to make a contribution to society.

We are also involved in mentoring young women through the Cyril Ramaphosa Foundation.
